

NUI Galway
OÉ Gaillimh

Universidade Nacional da Irlanda em Galway -- Ciência sem Fronteiras

How to Apply

In order to apply for a PhD at NUI Galway, you will first need to discuss a research proposal with your potential supervisor at NUI Galway. The table below outlines the process for applying.

Step	Stage	Action
1	Project Selection	Applicant searches the list of current PhD projects available at NUI Galway on the Euraxess Ireland website . [Remember to select "National University of Ireland, Galway" in the "Choose a College" menu]
2	Email Enquiry	Applicant emails the named supervisor of their chosen project(s) to discuss a research proposal, enclosing the following: <ul style="list-style-type: none">• Personal Statement (maximum 600 words outlining research interests)• Resumé (Curriculum Vitae)• Transcripts describing results attained in University education to date
3	Applicant Review	Applicant's details are reviewed by the potential PhD supervisor at NUI Galway. The supervisor may ask the applicant to write a short proposal or research document, to discuss the research by phone, or to undergo some similar review process.
4	Decision	If the supervisor agrees to accept the applicant as a PhD student, then the supervisor will guide the applicant in making a formal application to the university. (This will include a requirement to submit evidence of English-language competency)
5	Letter of Offer	NUI Galway issues a Letter of Offer to the applicant as per the requirements of the Ciência Sem Fronteiras programme.
6	Funding Application	Applicant proceeds to apply for funding from the Ciência Sem Fronteiras programme.
7	PhD Commencement	Student commences PhD studies at NUI Galway.
